

«Shamanic Dreaming Ceremony»

24th november 2024 (Nerja)

« What are my deepest dreams, the ones connected to my soul ? How can I align them with the vibration of a collective dream that expands me and the world at the same time ? »

Shamanism, through rituals, shamanic journeys and other sources of wisdom, can help everyone in this dreaming exploration process as it invites you to connect the deepest layers of dreaming, far beyond the dreams of the mind or simple material desires. This is what we'll explore during this 3-hour shamanic ceremony.

Shamanism helps you understand that you're not separated from the world nor your dreams from the world. That's the meaning of the expression « Mitakuyé Oyasin » (Everything is interconnected).

Then, afterwards, we'll have the pleasure of prolonging the sharing during a vegetarian buffet offered by Cristina.
